Work with an adult. Show, say, draw or build your answers. Use the explanations and example first.

What you will practise

• Days and daily routines

• Explain and check an answer with an appropriate representation.

Useful starting skills: Use objects, drawings or a number line to explain a simple idea.

A day has familiar parts such as morning, lunchtime, afternoon and night-time. Put events in a sensible order.

The seven days repeat in a cycle: Monday, Tuesday, Wednesday, Thursday, Friday, Saturday, Sunday, then Monday again.

Worked example

What day comes after Wednesday?

Say the days in order.

Wednesday is followed by Thursday.

Answer: Thursday

Try it yourself

Name: _____ Date: _____

1. Which comes first in a usual day:morning or night-time?

2. What day comes after Friday?

Answers and explanations

Check the method as well as the final answer. An alternative correct method is also valid.

1. Morning

The daily sequence moves from morning towards night.

2. Saturday

Friday is followed by Saturday.
